Brayton Construction  
Mr. Barrett Dyess

Mr. Barret Dyess,

I want to thank for the outstanding work you did in the construction of Our Lady of Guadalupe church. Your dedication and commitment to the construction of a sacred place of worship is shown in its beauty. During the construction phase your showed respect and professionalism in dealing with construction issues and the building committee. What I am really impressed about is the care and concern after the construction phase. You came by a year after the construction was completed to check on the building and gave us advice on a few issues. It has been an honor to still maintain a good working relationship and friendship. I want to thank you for the great work you did in the construction of Our Lady of Guadalupe Church in Rosenberg. If ever we have future construction plans you will be my first consideration. Once again thank you.
